Evaluation	Reports to the European Parliament and to the Council in the basis of Article 32 of Regulation (EU) No 228/2013 and Article 20 of Regulation (EU) No 229/2013 respectively - to evaluate the impact of specific measures for agriculture in the outermost regions of the Union (POSEI), and of specific measures for agriculture in favour of the smaller Aegean islands. The POSEI programme will be subject to an evaluation which will be followed by an impact assessment with the aim of reviewing the POSEI policy if needed. Ongoing. Results expected for 2016.

<sup>1</sup> The Commission ensures through its REFIT programme that the EU acquis is 'fit for purpose'. Within REFIT, the Commission screens the EU's regulatory acquis and identifies necessary corrective action. These actions include legislative initiatives to simplify and reduce regulatory burden, repeals of legislation no longer needed, withdrawals of proposals without a realistic chance of adoption or where the initial objectives can no longer be achieved and evaluations and Fitness Checks to assess relevance, coherence, efficiency, effectiveness and EU added value of EU legislation and identify further opportunities for simplification and burden reduction. A first set of actions was published in October 2013, and a second set was published in June 2014. Altogether, almost 200 actions have so far been identified within the framework of REFIT and are brought together in a comprehensive scoreboard published on 18 June 2014. In this way the Commission publishes action being taken, progress made and results achieved, whilst welcoming input from all those interested, and taking their comments and suggestions into account.

The Commission's Work Programme for 2015 confirms those actions identified under REFIT that will be taken in the course of the next year. This annex includes all legislative initiatives taken under REFIT (simplification, codification/recast, consolidation, repeal, update/review) planned for Commission adoption in 2015 and all evaluations and Fitness Checks carried out under REFIT which are either ongoing or where results are expected in the course of 2015.
